September 9, 2011

Enumeration for General Election

The election of 19 members to the Yukon Legislative Assembly will take place on Tuesday, October 11, 2011.

Starting immediately, enumerators will be visiting each residence in Yukon to obtain the names and addresses of all eligible electors. To vote in this election an eligible elector must be 18 years of age or older, a Canadian citizen and have lived in Yukon for 12 months on polling day.

Voters are reminded that we do not have a permanent list of electors and Elections Yukon is required by law to enumerate and prepare lists of eligible electors for each election. Lists used for federal and municipal elections are not used for Yukon elections.

If qualified electors are missed during enumeration, a notice will be left at residences with information about revision. Voters can add their names at revision, in person or by representative, or later at special revision in person.

Yukon residents are asked to ensure that their dogs are confined away from the entrances to homes in order to assist enumerators in obtaining names.
